

CONTRACTOR MEETS WITH BAD MISHAP

John C. Sunderman, well known Gary teaming contractor was seriously injured and is in a critical condition at the Mercy hospital today as a result of his wagon being struck by a one-man street car No. 703, at the 1 H. Belt high line at 10th avenue shortly after six o'clock last night. The wagon and the street car were both traveling south when the accident occurred. The crash was a terrific one and it was believed that Mr. Sunderman had been fatally injured. He was rushed to the Mercy hospital where X-Ray examination was taken to determine the extent of his injuries. It was found that he suffered a fractured rib, a severely wrenched back and painful internal injuries. Some one started a rumor this morning and it quickly spread about the business district that Mr. Sunderman had been killed. The rumor was taken to the hospital and the information at noon today that Mr. Sunderman was resting nicely and his recovery is expected. The details of the accident were not learned and it is not known who was at fault.

PLANT TO GIVE CITY FIRE STATION

General American Co. at East Chicago Donors of Home for Fire Engine.

East Chicago is at last to have a fire station in which to house the third fire engine which was purchased by the city several months ago. Hugo Epstein of the General American Tank Car Corporation appeared before the Board of Works yesterday afternoon and offered to furnish the building if the city will furnish the equipment. The building which Mr. Epstein offers for use is the one on Euclid ave. at the B. & O. tracks which was formerly occupied by the Calumet Lumber and Coal Company. It is very favorably located between East Chicago and Indiana Harbor, making a run to either end of the city possible, and is so located that a fire company at that point could give adequate protection to the residence section of Calumet and to the many industries at that point. The building will be remodeled by the General American and the city will be allowed to use it with out charge.

The Board of Works accepted the offer and will discuss the proposition with the Board of Safety before final action is taken. It is very probable that the offer will be accepted by the Board of Safety until such time as the city is able to build their proposed bungalow station at Calumet. This building project has been delayed because of the high cost of construction and also because such addition to the city's fire fighting equipment would bring about any reduction in the fire insurance rates.

A petition for the improvement of 140th street from Cedar to Beech and of Cedar street from 140th to 141st was taken under advisement until next week. The sale of lots belonging to the city which are located on Alexander ave. was referred to the city attorney. The Northern Indiana Gas and Electric Company was given a contract for furnishing power for the Alder street pumping station.

WHITING AMATEURS TO GIVE MOVIE PLAY

WHITING, Ind., August 24.—Mr. J. C. Bennett, before the Water Garden Club last evening, announced that he was about to produce a short playlet for his movie theatre. It is understood that the production is to be a comedy in one reel. The actors are to be drafted from the members of the club.

Mr. Bennett refused to disclose the Mystery of Archimedes; neither would he tell the names of the ladies who will take the stellar roles. Who are to be the Water Nymphs? Who will be the Queen of the Water Gardens? Mr. Bennett was silent.

Mr. H. E. Beaubien will take an active part in the production. Mrs. Mary Conroy, George Hawthorne, Edw. Schaffer, George Bartuska, Harry Reine mann, James West, Lois Dunning, Ivan Haag, Joseph Mersbach, are expected to appear in the cast.

Mrs. F. P. Richardson, chairman of the water committee, reported that the Board of Public Works has consented to put 1,000 feet of water main in the subdivision under certain conditions. The club voted to meet the conditions as authorized by Mr. Henry S. Davidson to complete a contract with the city for the water line.

The club examined the design for pylons to be erected at the entrance of the Water Gardens. The sketch was the work of Mr. Francis Thorne-Thomson and provides for a simple column of brick surrounded by a concrete flower pot. The design was accepted. The club will meet again in the near future when Mr. Bennett's scenario is prepared.

U. S. DEFEATS GREECE IN WATER

INTERNATIONAL NEWS SERVICE. ANTWERP, Aug. 24.—The U. S. defeated Greece in the water polo contest at the Olympic games today by the score of 7 to 0. The American team was composed of Perry McGillicray, Harry Heber, Jensen and Vossberg of the Illinois A. C.; G. H. Taylor of Chicago; Hal Voltmer of the New York A. C. and Carson of the Olympic club.

GROGER THANKFUL

"I had been sick nearly 20 years with stomach trouble and was slowly starv ing to death as everything I ate caused terrible gas and pain and my food did not digest. I was reduced to 115 pounds. A friend advised me to take May's Wonderful Remedy about 4 months ago, which I did and now weigh 151 pounds, and can eat anything. I am very thankful for May's Wonderful Remedy. It removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at Summers Drug Store or druggists everywhere.—adv.

JUST A JOKE NOT A MURDER

People who happened to be near the northwest corner of Harrison park where the water main was being tapped yesterday afternoon probably thought they nearly witnessed a killing but it was all a little joke.

Nick Snyder and George Black, the water superintendents have been hanging around the place regularly while the work was in progress. Snyder has been flashing a big roll carelessly and George got into the habit of taking it out of Nick's pocket on slightest provocation.

Blackie always has a gun in his automobile, so yesterday Nick managed to slip it out unseen by the water superintendents. George snatched Nick's sale as usual.

"Hand over that money," says Nick. George like "You'll have to take it away from me," retorts George.

"Hang!" Out came the pistol and one bullet went into the ground near George's feet. "A good officer always shoots at a warning the first time but—" said Nick and paused suggestively.

"Why you ain't mad, are you?" quavered George as he wildly pawed out the wad of bills and handed them over.

"No, no," says Nick. "I just wanted to show you that I didn't need to exert myself much to take it from you."

Then he laughingly handed George his own pistol.

George returned shortly after with signs for every man on the job.

THREE HURT WHEN HANDCAR JUMPS TRACK

LOWELL, Ind. Aug. 23.—Yesterday morning when Monon section men were starting out to work they were about a half a mile south of town when a Jack that was on the car fell off in front of the car and it was derailed. The three men John Mueller, foreman John Worley and Burdette Smith, were thrown off the car with great violence. Smith was the worst hurt, he having his knee cap split open, one elbow thrown out of joint and the ligaments in one leg badly torn. He was taken to the hospital in Hammond for treatment. John Worley and John Mueller were quite badly hurt about the head, but it is not thought to be serious.

GERMANY ISSUES A WARNING

BULLETIN INTERNATIONAL NEWS SERVICE. BERLIN, Aug. 24.—Five Poles were killed in a pitched battle with German security police at Koenigschuetz, upper Silesia, according to advices from that city today. The Poles are reported to have attempted to capture the town hall which was defended by German military police.

INTERNATIONAL NEWS SERVICE. PARIS, Aug. 24.—Dr. Walter Von Simons, German foreign secretary, who is now in Switzerland, has issued a warning that Germany may go to war against Poland, if Upper Silesia is occupied by the Poles and Germany is unable to get any satisfaction from the allies according to a dispatch from Milan quoting from an interview the German official is said to have given to a correspondent of the Italian newspaper Stampa. The following statement was attributed to Dr. von Simons by the Italian newspaper: "If the Poles occupy the Upper Silesia under pretense of its being attacked Germany must warn the allies."

"Then, if no satisfaction is obtained, Germany will declare war on Poland."

All true friends of Poland will advise her not to abuse her victory over Russia, but it must not be forgotten that the ethnographic frontiers of Poland have not yet been traced," said the Petit Journal today in commenting upon the American warning to Warsaw not to undertake any aggression against Russia. "The Petit Journal points out that the creation of the ethnographic boundary of Poland can only be accomplished by Poland herself and Russia."

The French press hails the Lucerne conference between Premier Lloyd George and Premier Giolitti of Italy as a triumph for the Franco-American viewpoint on soviet Russia.

The British and Italian premiers had

"Dandruff was killing my hair"

"My head itched unbearably and my hair was coming out by the handful. A few applications of Wildroot stopped the itching and my hair grew thicker and more beautiful than ever."

Wildroot Liquid Shampoo or Wildroot Lotion. Wash your hair with Wildroot. Wildroot Hair Tonic will restore the scalp.

Be Careful What You Wash Your Hair With

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulford's coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get Mulford's at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff. Be sure your druggist gives you Mulford's—adv.
